

Berliner Quince

Style

Blonde Sour Ale

ABV

4 % Alc. Vol.

Beer type

Berliner Weisse

Taste experience

Sweet

Sour

Bitter

Description

Berliner Ryesse macerated on kweepeer/quince

Additional context

The quince was given to us by people who have it in their garden. We freshly cut it, then freeze it before adding it to the beer for 3 months. Freezing it breaks the cells, so flavors are added to the beer quicker. This method allows us to cut maceration time by 2 to 3 months.
